**RSVP
HERE**

In January, Perkins Coie Partner [Andrew Hanson](#) spent a week in Puerto Rico teaching renewable energy project development and finance at the University of Puerto Rico Law School. The course participants included law school students and various members of the energy community in San Juan.

This free webinar will discuss what Andrew learned about Puerto Rico's energy system and the challenges and opportunities Puerto Rico faces in its transition to a renewable energy future.

We look forward to having you join us for a discussion of Puerto Rico's energy challenges and opportunities.
