

An Associate's First Year: A Guide to Thriving at a Law Firm

There is more to thriving as a new law firm associate than doing great legal work. Associates must also demonstrate commitment to law firm values; capably manage up and down within their firm; successfully interact with people of different generations, cultures, and backgrounds; champion diversity and inclusion; work smartly and efficiently; contribute to innovation within their firms; manage their workloads; continually learn about their clients' businesses; and so much more.
