

Perkins Coie is pleased to publish its Q4 Food and CPG Legal Trends Report.

This report is a bite-sized version of our annual year in review, providing timely insights on quarterly trends. In Q4 2023, the Consumer Packaged Goods (CPG) industry continued to face a meaningful threat of class-action activity, with continued filings against companies in the food, beverage, and personal care space. Recent months have also seen significant regulatory developments relevant to food, beverage, and CPG companies on both the federal and state level.
