

Perkins Coie Named a 2022 Inclusion Blueprint Champion by Diversity Lab

SEATTLE (July 27, 2022)—Perkins Coie is pleased to announce that it has been named as a [2022 Inclusion Blueprint Champion](#) by Diversity Lab, which recognizes law firm leadership and practice groups that are proactively taking action on meaningful diversity and inclusion policies and initiatives.

To be recognized as an Inclusion Blueprint Champion, Perkins Coie had to achieve an index score of at least 70 out of 100 across four key diversity indicators. For the first time this year, law firms also had to meet a diversity representation threshold or show year-over-year progress for each of the four underrepresented populations assessed by Diversity Lab including women lawyers, underrepresented racial and ethnic lawyers, LGBTQ+ lawyers, and lawyers with disabilities.

"We're honored that our continued progress to improve diversity and inclusion has again been highlighted by Diversity Lab," said Perkins Coie's Chief Diversity & Inclusion Officer Genhi Givings Bailey. "We are always working to strengthen our diversity, equity, and inclusion through intentional practices, and we appreciate seeing that work recognized."

The Inclusion Blueprint Champions are honored for implementing multiple inclusion actions at higher rates than other law firms, including implementing inclusion activities for lawyers with disabilities, tracking inclusion activities by intersectional identities, and ensuring equal access to succession planning of work and client relationships for all, among several other factors.

The [Inclusion Blueprint](#), a collaborative project between Diversity Lab and ChIPs, is an assessment that provides firm management and practice leaders with a road map to employ and track inclusion practices to ensure that underrepresented attorneys have fair and equal access to quality work. It also outlines diversity representation thresholds firms should strive to reach by incorporating and monitoring these inclusion practices.

Diversity Lab is an incubator for innovative solutions that boost diversity and inclusion in the legal industry. Its initiatives are backed by well-known companies, including Amazon, Intel, Microsoft, and 3M. ChIPs is a nonprofit organization focused on advancing and connecting women in technology, law, and policy.
