

Marc Martin Quoted in Law360—The Biggest Telecom Developments of 2021: Midyear Report

Partner Marc Martin was quoted in "[The Biggest Telecom Developments of 2021: Midyear Report](#)," an article in *Law360*,* regarding the most prominent FCC actions and other regulatory activity over the last six months.

"Perkins Coie LLP partner Marc Martin cautioned that the telecom aspects of the order are less a directive and more of a wish list to an independent agency, and it will be up to the FCC to decide when and how to act."

"None of [the items] are self-executing, so there's a question of whether anything will come of it," said Marc, who chairs Perkins Coie's communications industry group.
