

Paul Navarro Mentioned in Multiple Publications Regarding Rejoining Perkins Coie

Paul Navarro was mentioned in multiple publications regarding rejoining Perkins Coie's emerging companies & venture capital practice.

In a statement Tuesday, Navarro said that he was excited to rejoin the firm's growing emerging companies and venture capital practice, noting Seattle-based Perkins Coie had hired the members of Kluk Farber Law PLLC last year. Perkins Coie hired 12 attorneys and six business professionals in New York from Kluk Farber last November.

"The expanding national practice and deep history serving leading entrepreneurs, innovators, and startups will enable me to further build my practice and to also better serve clients across Latin America," Navarro said. (*Law360*)
