

Pivotal food regulatory updates in the United States are poised to clarify or revamp approaches to novel food tech innovations including plant-based and cultured (cultivated) meats, and transgenic crops.

Brian Sylvester authored an *XPRIZE* article titled "[Navigating New Frontiers: Keeping Up With Food Tech and Regulatory Changes in 2024 and Beyond](#)" detailing pivotal food regulatory updates in the United States on novel food tech innovations including plant-based and cultured (cultivated) meats, and transgenic crops.
