Dedicated exclusively to the field of incident response, this conference is centered around the crucial work that ensues following a data breach. Incident response has rapidly emerged as the fastest-growing practice area at law and consulting firms. Designed specifically for legal and compliance professionals, this event recognizes their pivotal role as essential contributors in the aftermath of a data security incident.

This virtual event will showcase a distinguished lineup of more than 30 incident response leaders who will participate in 10 insightful panels. This esteemed group includes senior government officials from the Federal Bureau of Investigation (FBI), the U.S. Department of Justice (DOJ), and the U.S. Securities Exchange Commission (SEC). This event offers a dynamic platform for seamless interaction, enabling the audience to engage in real-time discussions, pose questions, and participate in chat sessions with both the panelists and fellow attendees.
