The Influence of EdTech: A Discussion with Muzology's Pioneering Founders

Using the power of music and videos to make math fun and accessible, the Nashville-based education technology (edtech) company Muzology challenges students to learn and retain the math concepts critical to their progress.

In this podcast, Muzology co-founders Lana Israel, Ph.D. and Bob Doyle join host Markus Funk to discuss their disruptive platform, the significant impact Muzology has had on the lives of children and young adults, and how COVID-19 has affected schooling, education, and edtech, specifically.
