CCPA Year-In-Review Consumer Finance Executive Roundtable

California was the first state in the country to provide a private cause of action to consumers whose sensitive personal information was exposed by data breaches. Since January 1, 2020, more than 130 cases that cite to the California Consumer Privacy Act have been filed against companies across industries.

Perkins Coie's CCPA Strategic Defense Group has been [tracking](#) these actions. Our roundtable will bring together the heads of litigation, general counsel, and key in-house strategists to take a closer look at the findings—from the hardest hit industries and the courts seeing the most cases, to the most active plaintiffs' firms filing suit. We also will provide practical guidance on how companies can mitigate their risk of CCPA-related class action claims.

CLE Credit

This program is pending approval for 1 CLE credits for both newly admitted and experienced attorneys in multiple jurisdictions.
