

Are you feeling overwhelmed by the ever-changing maze of privacy and security laws and regulations? You're not alone. As new laws and regulations roll out across the United States each year, staying compliant is more challenging—and critical—than ever.

For this eye-opening session of our Compliance Collective Webinar Series, we were joined by Perkins Coie Privacy & Security lawyers [Miriam Farhi](#) and [Amelia Gerlicher](#), where they cut through the noise. During this session we learned how to build a multijurisdictional compliance program and master the nuances of state-specific privacy and data security requirements.
