Perkins Coie's Seattle Office Hosts Masters Conference

Perkins Coie's E-Discovery Services & Strategy practice group hosted the second [Masters Conference](#) in the Pacific Northwest at the firm's Seattle office on September 18, 2024.

The Masters Conference is an opportunity for knowledge sharing between legal and business professionals from top law firms, technology companies, corporate legal departments, and government agencies. Panelists discussed emerging topics in generative AI, e-discovery, information governance, compliance, cybersecurity and data breaches, knowledge management, and legal project management.

The conference featured several speakers from Perkins Coie, including:

- Technology in the Lifecycle of a Matter from In-House Perspective – **Jessica Tseng Hasen**
- No Clear Path: Navigating Current E-Discovery Challenges – **Alletta Brenner, Samantha Kepler**
- Lawyer Like a Cyborg: The New Normal in AI-Enhanced Law – **Jacob Hasler, Andrew Chen**
