

A half-day, virtual employment law workshop, which covered a variety of topics, including an update on seminal federal and state employment law developments including in the areas of wage-and-hour law and the gig economy, family and medical leave and accommodations, arbitration and confidentiality in employment agreements, and other trends employers should watch in 2022.

[Mike Fitzsimmons](#) was our keynote speaker on traditional labor law. As vice president of labor relations and global human resources policy at Boeing, Mike is responsible for leading the development and implementation of global labor and labor relations strategies and initiatives, including the design, implementation, training, execution, and results of these programs.
