California Data Breach & Privacy Litigation Update

As technology continues to advance, the risk of cyber threats and information security breaches continues to rise. Businesses should stay current on cybersecurity and related class-action litigation developments, and take essential steps to protect themselves and consumer data.

Join members of Perkins Coie's California Litigation practice for a webinar focused on the latest developments in information security, cyber threats, and state privacy laws. We will cover a range of topics, including cybersecurity best practices, regulatory enforcement, and updates on breaches and related privacy class actions. We will also explore current trends and best practices in information security, provide insights on how to stay ahead of the curve when it comes to protecting data, and share practical tips and strategies you can implement in your organizations.

Kindly register below to join us on April 13 for this informative webinar.
