Anti-Suit Injunctions and SEP Litigation Strategies for the United States and China

Intellectual property attorneys from Perkins Coie and guest speakers from the Liu Shen & Associates IP practice presented a July 6 virtual CLE seminar focused on anti-suit injunctions and standard essential patent (SEP) litigation strategies in the United States and China.

The seminar will provided a discussion on:

- Differences between the decisions of Chinese and U.S. tribunals on anti-suit injunctions: *e.g.*, *Ericsson v. Samsung* (E.D.Tex.)
- Strategies and concerns for U.S. and Chinese clients in enforcing or defending SEPs
- New developments in the United States and China regarding suit-injunctions: *e.g.*, The Defending American Courts Act

Attendees learned practical tips for navigating anti-suit injunctions.
