

Please join the ChIPs Pacific Northwest Chapter for a moderated panel discussion on Generative AI and Copyright Issues (1.0 CLE credits pending) and to learn more about ChIPs and plans for future Portland Area events. Our own Lisa Oratz will be speaking on the panel along with Meredith Price from NVIDIA, Kara Tatman from Ampere, Taryn Williams from Intel and Krishna Sood from Microsoft. Attendees will have an opportunity to network with other amazing women in IP and technology law. Beverages and light hors d'oeuvres will be served.

ChIPs is a nonprofit professional organization that advances and connects women in technology, law and policy. We accelerate innovation through diversity of thought, participation and engagement.
