Upcoming Sessions

01.16.2025: Corporate Transparency Act In Flux: What to Do and What Comes Next?

02.20.2025: Labor and employment compliance.

03.20.2025: Navigating FDA and USDA regulatory pathways applicable to food tech innovations — namely, precision fermentation, cultured (lab grown) meat, and molecular farming. We'll provide timely insights into recent and evolving developments at both the FDA and USDA, including anticipated industry guidance and rulemaking and likely litigation on the horizon.

04.17.2025: Avoiding SEC Scrutiny: How Companies Can Navigate the Risks of “AI Washing”. With AI increasingly transforming business operations, the manner in which companies present and describe their AI capabilities to attract customers and investors is growing more critical. The SEC has recently sharpened its focus on potential misrepresentations in this area, a practice known as "AI washing." Our team offers an overview of the SEC's recent actions addressing AI washing, detailing recent enforcement measures, available defenses, and key insights for businesses to reduce the risk of SEC scrutiny.

06.18.2025: Best practices on preserving and securing insurance coverage for claims, including demand letters, lawsuits, subpoenas, and circumstances which later may give rise to a claim.
